

## Contributions in alphabetical order by authors

Ančev, M. & Goranova, V.: Trichome morphology of eleven genera of the tribe <i>Alysseae</i> ( <i>Brassicaceae</i> ) occurring in Bulgaria . . . . .	193
Bacchetta, G. & Brullo, S.: Taxonomic revision of the <i>Astragalus genargenteus</i> complex ( <i>Fabaceae</i> ) . . . . .	157
Baltisberger, M.: Cytological investigations on Bulgarian phanerogams . . . . .	205
Bareka, P., Kamari, G. & Phitos, D.: <i>Acis ionica</i> ( <i>Amaryllidaceae</i> ), a new species from the Ionian area (W Greece, S Albania) . . . . .	357
Baumann, H.: Von Lilienblüten aus minoischer Sicht [Lily flowers in Minoan art] . . . . .	389
Berazaín Iturralde, R.: Notes on the taxonomy and distribution of the <i>Ochnaceae</i> in the Greater Antilles . . . . .	455
Biel, B., Tan, K. & Tzanoudakis, D.: A new autumn-flowering species of <i>Allium</i> ( <i>Liliaceae</i> ) from the island of Sifnos (Cyclades, Greece) . . . . .	367
Bigazzi, M., Nardi, E. & Selvi, F.: Palynological contribution to the systematics of <i>Rindera</i> and the allied genera <i>Paracaryum</i> and <i>Solenanthus</i> ( <i>Boraginaceae-Cynoglosseae</i> ) . . . . .	37
Caluff, M. G.: The genus <i>Odontosoria</i> ( <i>Dennstaedtiaceae, Pteridophyta</i> ) in Cuba . . . . .	469
Castroviejo, S., Aedo, C. & Medina, L.: Management of floristic information on the Internet: the Anthos solution . . . . .	127
Dathe, S. & Dietrich, H.: Comparative molecular and morphological studies in selected <i>Maxillariinae</i> orchids . . . . .	89
Deil, U.: Distribution, ecology and phytosociology of the N Moroccan endemic <i>Ptilostemon leptophyllus</i> ( <i>Compositae</i> ) . . . . .	413
Edmondson, J. R. & Lack, H. W.: Karl Georg Theodor Kotschy's itinerary in southern Iran, 1841-42 . . . . .	579
Ehrendorfer, F. & Guo, Y.-P.: Multidisciplinary studies on <i>Achillea</i> sensu lato ( <i>Compositae-Anthemideae</i> ): new data on systematics and phylogeography . . . . .	69
Erben, M.: <i>Limonium greuteri</i> ( <i>Plumbaginaceae</i> ), a new species from the island of Corsica (France) . . . . .	145
Erzberger, P.: Contribution to the bryophyte flora of Chalkidiki, Greece . . . . .	515
Freitag, H. & Lomonosova, M.: Typification and identity of <i>Suaeda crassifolia</i> , <i>S. prostrata</i> and <i>S. salsa</i> , three often confused species of <i>S.</i> sect. <i>Brezia</i> ( <i>Chenopodiaceae, Suaedoideae</i> ) . . . . .	21
Gabrielian, E.: <i>Poa greuteri</i> ( <i>Poaceae</i> ), a new species from Armenia . . . . .	437
Garbari, F. & Bedini, G.: The flora of the Apuan Alps (Tuscany, Italy): survey of biosystematic investigations . . . . .	149
Georgiou, O., Panitsa, M. & Tzanoudakis, D.: <i>Anthemis scopulorum</i> ( <i>Asteraceae</i> ), an "islet specialist" endemic to the Aegean islands (Greece) . . . . .	339
Gottschlich, G., Drenckhahn, D. & Meierott, L.: <i>Hieracium greuteri</i> ( <i>Compositae</i> ), a local endemic of N Peloponnisos (Greece) . . . . .	351
Gradstein, S. R.: Stephani's Species Hepaticarum revisited . . . . .	557
Hiepko, P.: Eipo plant nomenclature and classification compared with other folk taxonomic systems . . . . .	447
Ibáñez, N., Montserrat, J. M. & Soriano, I.: Collections from the Royal Spanish Expeditions to Latin America in the Institut Botànic de Barcelona (BC), Spain . . . . .	595
Jahn, R. & Kusber, W.-H.: Algae of the Ehrenberg collection – 3. Typification of seven diatom taxa described by C. G. Ehrenberg predominantly from Greece . . . . .	527
Junikka, L., Uotila, P. & Lahti, T.: A phytogeographical comparison of the major Mediterranean islands on the basis of Atlas Flora Europaea . . . . .	379
Kadereit, G., Hohmann, S. & Kadereit, J. W.: A synopsis of <i>Chenopodiaceae</i> subfam. <i>Betoideae</i> and notes on the taxonomy of <i>Beta</i> . . . . .	9
Kalheber, H.: Bavarian plant collectors in Greece – 1. Franz Xaver Berger, Franz Zuccarini and Carl Nikolaus Fraas . . . . .	565

Kalpoutzakis, E. & Constantinidis, T.: Additions and annotations to the flora of Pelopon-	271
nisos (S Greece) . . . . .	271
Kamari, G. & Phitos, D.: Karyosystematic study of <i>Fritillaria messanensis</i> s.l. (Liliaceae)	
Kilian, N., Kürschner, H. & Hein, P.: <i>Euphorbia greuteri</i> (Euphorbiaceae), a new single-	441
spined succulent from the foothills of Jabal Urays, Abyan, Yemen . . . . .	441
Köhler, E.: Three new <i>Buxus</i> species (Buxaceae) from eastern Cuba . . . . .	479
Lakušić, D., Novčić, R., Kučera, J. & Marhold, K.: <i>Cardamine pancicii</i> (Brassicaceae), a	
neglected species of the Balkan Peninsula, morphological and molecular evidence . . . . .	177
Leiva Sánchez, A.: Notes on Cuban native palms . . . . .	507
Leuenberger, B. E. & Arroyo-Leuenberger, S.: Humboldt, Bonpland, Kunth and the type	
specimen of <i>Rauhia multiflora</i> (Amaryllidaceae) from Peru . . . . .	601
Marhold, K., Ducháćek, M. & Hroudová, Z.: Typification of three names in the <i>Bolbo-</i>	
<i>schoenus maritimus</i> group (Cyperaceae) . . . . .	103
Mateos, M. A. & Valdés, B.: A new species of <i>Globularia</i> (Globulariaceae) from the	
Talassemtane National Park, N Morocco . . . . .	409
Nordenstam, B.: <i>Ignuria</i> , a new genus of the Asteraceae-Senecioneae from Hispaniola .	463
Oberprieler, C. & Vogt, R.: The taxonomic position of <i>Matricaria macrotis</i> (Compositae-	
<i>Anthemideae</i> ) . . . . .	329
Pieper, H.: "Z" – the breadfruit author identified . . . . .	589
Raimondo, F. M. & Domina, G.: <i>Ptilostemon greuteri</i> (Compositae), a new species from	
Sicily . . . . .	169
Raus, Th.: Found and lost – <i>Staphyleaceae</i> in Greece . . . . .	311
Sánchez, C., Caluff, M. G., Regalado Gabancho, L. & Morejón, R.: A preliminary evalua-	
tion of the current conservation status of Cuban endemic true ferns . . . . .	491
Scholz, H. & Raus, Th.: Contribution to the flora of Greece: a new species of <i>Achna-</i>	
<i>therum</i> (Poaceae) . . . . .	373
Seaward, M. R. D. & Sipman, H. J. M.: An updated checklist of lichenized and licheni-	
colous fungi for Egypt . . . . .	537
Snogerup, S., Snogerup, B. & Strid, A.: <i>Acanthus greuterianus</i> (Acanthaceae), a new spe-	
cies from NW Greece . . . . .	323
Søndergaard, P. & Egli, B. R.: <i>Zelkova abelicea</i> (Ulmaceae) in Crete: floristics, ecology,	
propagation and threats . . . . .	317
Spanou, S., Veroios, G., Dimitrellos, G., Tiniakou, A. & Georgiadis, T.: Notes on flora	
and vegetation of the sand dunes of western Greece . . . . .	235
Sukopp, H.: Botanische Gärten und die Berliner Flora [Botanic gardens and the flora of	
Berlin] . . . . .	115
Sutorý, K.: <i>Cynoglossum baeticum</i> (Boraginaceae), a new endemic species from SE Spain	
Theocharopoulos, M., Georgiadis, T., Dimitrellos, G., Chochliouros, S. & Tiniakou, A.:	137
Vegetation types with <i>Cladium mariscus</i> (Cyperaceae) in Greece . . . . .	247
Trigas, P. & Iatrou, G.: The local endemic flora of Evvia (W Aegean, Greece) . . . . .	257
Turland, N. J.: Lectotypification of <i>Campanula saxatilis</i> , <i>Phyteuma pinnatum</i> and <i>Verbas-</i>	
<i>cum arcturus</i> , Linnaean names of three taxa endemic to Crete . . . . .	303
Tzanoudakis, D., Panitsa, M., Trigas, P. & Iatrou, G.: Floristic and phytosociological in-	
vestigation of the island Antikythera and nearby islets (SW Aegean area, Greece) . . . .	285
Valdés, B., Montserrat, J. M. & Font, X.: A phytogeographical analysis of the N Moroc-	
can flora . . . . .	397
Vogt, R. & Oberprieler, C.: The genus <i>Plagius</i> (Compositae, Anthemideae) . . . . .	47
Wagenitz, G., Hellwig, F. H., Parolly, G. & Martins, L.: Two new species of <i>Centaurea</i>	
(Compositae, Cardueae) from Turkey . . . . .	423
